BATRIK

MAGNETIC MAT

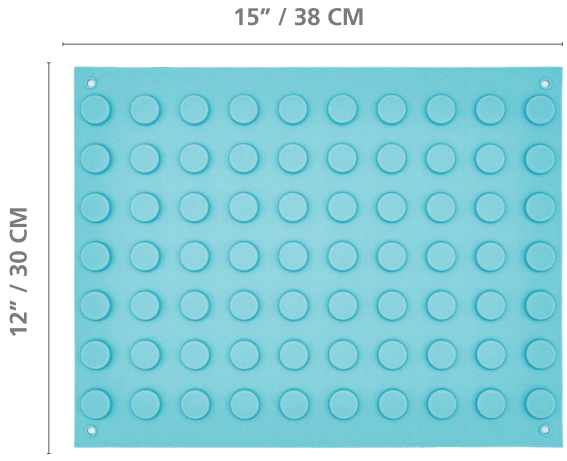
Our **Magnetic Mat** provides a sterile, neutral field for the safe placement and hands-free transfer of instruments. It is latex free, reusable, and autoclavable (up to 134° C).

Conforms to any surface shape given its flexible and non-slip backing drape

Re-use validated*

Round magnets to avoid rubber perforations

Raised magnets hold instruments firmly in place while allowing for easy grasping



PRODUCT SELECTION

ITEM #	DESCRIPTION	DIMENSIONS	PACKAGING
MAG-02-1	Magnetic Mat	12” x 15” / 30 cm x 38 cm	1 Unit
