BATRIK CHEMISTRIES™

CHEMISTRIES
THAT DO THE WORK BEFORE STERILIZATION.

Uniquely formulated For The Heart of Sterile Processing.

From pre-cleaning to equipment maintenance, **Batrik Chemistries™** offers a complete portfolio for every stage of sterile processing.

Engineered to simplify instrument reprocessing, our chemistries deliver reliable cleaning, trusted performance, and confidence every step of the way.

CONSISTENT PERFORMANCE

Reliable results your team can count on every day.

UNIQUELY FORMULATED

Designed specifically for instrument reprocessing.

WORKFLOW EFFICIENCY

Solutions that help your team work smarter, not harder.

INSTRUMENT PROTECTION

Helps extend the life and performance of valuable instruments.

TRUSTED WORLDWIDE

Used in facilities in over **85** countries.

More Solutions.
More Opportunities.**

SCAN TO SEE THE COMPLETE PORTFOLIO

THE COMPLETE CHEMISTRY PORTFOLIO

FOR EVERY STEP OF INSTRUMENT CARE

1 PRE-CLEAN

enzoFOAM™

360° SPRAY BOTTLE COMING SOON!

READY-TO-USE ENZYMATIC FOAMING SPRAY

- Thick, clinging foam keeps instruments moist
- Powered by our proprietary **PrAmLi Power³ Enzymes™**
- Begins breaking bioburden immediately after application
- Neutral pH, non-caustic & non-aerosol
- Ready to use; no mixing or dilution required

RightSwipe™

ENZYMATIC BEDSIDE SPONGE KITS

- Powered by our proprietary **PrAmLi Power³ Enzymes™**
- Begins breaking down bioburden at bedside
- Supports endoscope reprocessing guidelines
- Helps improve downstream reprocessing

2 REMOVE & PREPARE

tapeBgone

ADHESIVE REMOVER

- Removes tape, labels & adhesive residue
- Helps support faster reprocessing
- Neutral pH formula will not damage instruments
- Water-soluble formula rinses clean
- Low-odor and safe solution

lila's

INSTRUMENT STAIN REMOVER PASTE & POWDER

- Removes stubborn stains & mineral deposits
- Restores shine to instruments and surfaces
- Concentrated powder formula
- Designed for use on stainless steel, chrome, nickel, brass, copper and silver

3 CLEAN

enzoCLEAN™

MULTI-ENZYME INSTRUMENT CLEANER

- Powered by our proprietary **PrAmLi Power³ Enzymes™**
- Breaks down bioburden
- Compatible with manual, ultrasonic & automated cleaning
- Neutral pH will not damage delicate instruments
- Available in Low Foam, Mild Foam & Super Concentrate

4 PROTECT

luboCARE™

INSTRUMENT LUBRICANT

- Protects instruments before sterilization
- Lubricates hinged instruments for smooth operation
- Helps prevent corrosion, spotting & staining
- Extends instrument life
- Gentle, non-corrosive formula

5 MAINTAIN

LIQUID DESCALER

COMING SOON!

- Dissolves scale & mineral deposits
- Maintains peak equipment performance
- Helps reduce downtime & maintenance
- Safe for washers, disinfectors & steam generators
- Helps extend equipment life

CLEANING ACCESSORIES & WORKFLOW SUPPORT

Quality tools that complete your manual cleaning workflow.

TRIFECTA BRUSH

- Variable Bristle Stiffness
- Durable construction
- Improves Cleaning Efficiency

SCRUB PADS

- Non-scratch
- Efficient surface cleaning
- Reusable

LINT FREE CLOTHS

- Low lint, low residue
- Absorbent
- Ideal for final wipe and inspection

THE LARGEST SINGLE-SOURCE SELECTION OF MEDICAL DEVICE CLEANING BRUSHES FOR VIRTUALLY EVERY APPLICATION.
